

Under the 3 Million Meals campaign led by UAE Food Bank during Ramadan 2023, The Zero Food Waste to Landfill initiative, which targeted the recycling of all inedible food scraps to compost, was successfully completed. We thank everyone who joined us in this campaign to reduce food waste and make a positive impact on the environment.

## Targeted Entities

## الجهات المستهدفة

60% of the food prepared during Ramadan is wasted.

Around 9 million people die globally every year of hunger and hunger-related diseases.

## Goals

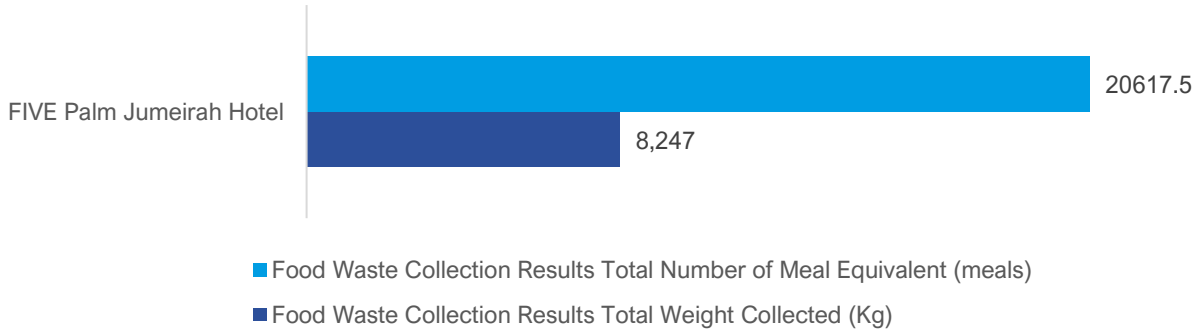

## الأهداف

The least we can do is dispose excess food and all its waste responsibly
